

MEMORANDUM

TO: City Council
FROM: City Manager
DATE: May 9, 2019
SUBJECT: Comments on Agenda Items, Meeting of May 14, 2019

At 6:00 p.m., the City Council will conduct interviews for the Mayor's Youth Council.

ITEM 7.A. Representatives from the Mayor's Youth Council will provide an update of their activities.

ITEM 7.B. A presentation will be given by representatives of Metro about proposed changes to the parking lot at the Gold Line station, described as the Supportive Transit Parking Program.

ITEM 11.D (Consent). This is to approve the use of State Supplemental Law Enforcement Services funds for the 2019/20 Citizens Options for Public Safety (COPS) program.

ITEM 11.E (Consent). This is to consider a resolution adopting the Citywide salary and pay schedule. All increases associated with the third year of the MOU (FY 2019/20) have been applied to this schedule.

ITEM 11.F (Consent). This is to consider a resolution supporting AB 1725 (Carrillo) pertaining to increased funding for after-school programs. The State Legislature is currently considering AB 1725 and its corresponding budget request, which would appropriate additional After-School Education and Safety (ASES) program funds in this year's State budget, and keep future increases tied to the rising State minimum wage.

ITEM 11.G (Consent). This is the second reading of an ordinance adding a new chapter to the Duarte Municipal Code relating to permit and license requirements for overnight parking of recreational vehicles on City right-of-way.

ITEM 11.I (Consent). Assemblymember David Chiu has introduced AB 516 this year to fundamentally change the existing California Vehicle Code. AB 516 will restrict law enforcement and a city's ability to tow vehicles that are parked for more than 72 hours on a public street, or if they are parked on a public street with more than five citations entered into the DMV database. AB 516 would allow vehicle owners to turn public roadways into their own private parking space. Staff is recommending that City Council send a letter opposing AB 516.

ITEM 11.J (Consent). In 2018, we received notice from the Los Angeles County Department of Animal Care and Control that they would be substantially increasing rates to the cities they serve. Given this directive, the Public Safety Department reached out to other local animal control service providers.

The San Gabriel Valley Humane Society was the only shelter willing to accept a new contract at a cost of \$62,000 for fiscal year 2019/20. The contract would renew annually, and any per annum increases would be negotiated by the City and the Humane Society prior to the beginning of the new term. Approval of this item would authorize the City Manager to execute a contract with the San Gabriel Valley Humane Society.

ITEM 13. The City Council will make appointments to the Mayor's Youth Council.

Respectfully submitted,

Mr. Darrell George, City Manager
City of Duarte
1600 Huntington Drive
Duarte, California 91010

Dear Mr. George:

The State Supplemental Law Enforcement Services Funds for the 2019-2020 fiscal year Citizens Options for Public Safety (COPS) program have been provided to the city of Duarte on a per capita formula. The below listed recommendations will afford us the opportunity to further enhance our community policing efforts and overall service.

Therefore, I recommend the city of Duarte utilize 45% of these funds to pay for a motorcycle traffic enforcement deputy position, 45% of these funds to pay for the school resource deputy position, and 10% of the funds in a special overtime account to be drawn upon to enhance the current level of service.

Should you have any questions, please contact me at 626-292-3300.

Sincerely,

ALEX VILLANUEVA, SHERIFF

MEMORANDUM

TO: Darrell J. George, City Manager
FROM: Kristen Petersen, Assistant City Manager
DATE: May 14, 2019
SUBJECT: RESOLUTION ESTABLISHING A CITYWIDE SALARY SCHEDULE
EFFECTIVE JULY 1, 2019

Background

The City Council approved and adopted one consolidated and comprehensive publicly available pay schedule, containing all established employee positions and pay rates, in accordance with the requirements of California Code of Regulations, Title 2, Section 570. On April 25, 2017, the City Council approved three year Memorandums of Understanding (MOU) with the represented City employees. The third year of the MOU (FY 2019/20) includes a CPI (3.2%) salary increase. The City Manager's current Employment Agreement states that the City Manager is entitled to receive the same annual cost of living increase that is provided to the City employees.

All of these increases have been applied to the Citywide Salary and Pay Schedule that is attached as Exhibit A. These increases would go into effect as of July 1, 2019.

Recommendation

It is recommended that the City Council approve Resolution No. 19-06 establishing the Citywide Salary and Pay Schedule as of July 1, 2019.

Section 4. Thus, all wage ranges and steps are hereby adjusted and reflected on the attached Citywide Salary and Pay Schedule as Exhibit A.

Section 5. All resolutions, or portions thereof, previously adopted by the City Council and found to be in conflict with the provisions of this resolution are hereby repealed.

Agenda Memo City Manager's Office

To: Mayor and Members of the Duarte City Council
From: Karen A. Herrera, Deputy City Manager
Date: May 14, 2019
Subject: RESOLUTION NO.19-7 IN SUPPORT OF AB 1725 (Carrillo) PERTAINING TO INCREASED STATE FUNDING FOR AFTER-SCHOOL PROGRAMS

Recommendation: That the City Council by motion, approve Resolution 19-7 (Attachment A) in support of AB 1725 (Carrillo) pertaining to increased State funding for after-school programs.

Background: In 2002, voters approved Proposition 49 which provided a continuous appropriation of over \$550 million annually to students in low-income communities to ensure access to safe, enriching after-school programs that offer academic assistance, enrichment activities, and recreational activities. The ballot measure implementation began in 2006 with the After School Education and Safety (ASES) Program. On the average, schools participating in the Program had more than 80% of their students eligible for free and reduced price meals and current funding assists over 4,000 schools throughout the State serving more than 400,000 students daily.

Discussion: The State's per capita investment in the Program has declined since 2006, despite increases to the costs of operating these programs. As costs have outpaced dedicated funding, ASES programs have had to reduce academic support and enrichment opportunities for students. Additionally, nearly one-quarter of the current ASES programs are likely to close their doors by 2020 unless additional funding is received.

Research shows that participation in the Program improves school attendance, reduces dropout rates, helps English learners transition to proficiency, and develops Science, Technology, Engineering, the Arts and Mathematics learning. Such programs also enrich workforce skills, build social-emotional skills, improve health and nutrition, prevent and reduce youth substance use and abuse, and reduce crime involving youth.

The State Legislature is currently considering AB 1725 (Carrillo) and its corresponding budget request which would appropriate additional ASES program funds in this year's state budget, and keep future increases tied to the rising State minimum wage.

Fiscal Impact: No direct fiscal impact on the City of Duarte. This new legislation would require an increase in State funding to after school programming required by Proposition 49.

RESOLUTION NO.**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DUARTE,
CALIFORNIA, SUPPORTING AB 1725 (CARRILLO) PERTAINING TO
INCREASED FUNDING FOR AFTER-SCHOOL PROGRAMS**

WHEREAS, in 2002, voters approved Proposition 49 which provides a continuous appropriation of over \$550 million annually to provide students in low-income communities access to safe, enriching after-school programs that offer academic assistance, enrichment activities, and recreational activities; the implementation of the ballot measure began in 2006 with the After-School Education and Safety Program (ASES or the Program); on average, schools participating in the Program have more than 80% of their student population eligible for free and reduced price meals; the Program provides funding for over 4,000 elementary and middle schools throughout the State and serves more than 400,000 students daily including students in the Duarte Unified School District; and

WHEREAS, research shows that participation in the Program improves school attendance, reduces dropout rates, helps English learners transition to proficiency, develops Science, Technology, Engineering, the Arts and Mathematics learning; such programs enrich workforce skills, build social-emotional skills, improve health and nutrition, prevent and reduce youth substance use and abuse, and reduce crime involving youth; working parents rely on safe and effective after-school programs to enable them to work additional hours to support their families, while children depend on these programs to obtain valuable skills during a high crime period of the day; and

WHEREAS, the State's per capita investment in the Program has declined since 2006, despite substantial increases to the costs of operating these programs; as costs have significantly outpaced dedicated funding, ASES programs have been forced to reduce the essential academic supports and enrichment opportunities they provide to pupils; nearly one-quarter of ASES programs are likely to close their doors by 2020 unless they receive additional funding; the Legislature is currently considering AB 1725 (Carrillo) and the corresponding budget request, which would appropriate additional funds for the Program; AB 1725 and the additional appropriation for the Program would ensure that children statewide will have an opportunity to enroll in the Program and will also increase educational outcomes for students;

NOW, THEREFORE, BE IT RESOLVED that the City of Duarte strongly supports Assembly Bill 1725 introduced by Assemblymember Wendy Carrillo, and the appropriation of additional funds for the After-School Education and Safety (ASES) Program; and

BE IT FURTHER RESOLVED that the City of Duarte shall communicate its position to the appropriate committees and members of the State Legislature, and to the Governor by way of this resolution.

AB-1725 After School Education and Safety Program: funding and grant amounts. (2019-2020)

Date Published: 02/22/2019 09:00 PM

REVISED APRIL 25, 2019

CALIFORNIA LEGISLATURE— 2019–2020 REGULAR SESSION

ASSEMBLY BILL

No. 1725

Introduced by Assembly Member Carrillo
(Coauthors: Assembly Members Bonta, Gloria, Gray, Limón, Reyes, and Santiago)
(Coauthors: Senators Archuleta, Bradford, and Leyva)

February 22, 2019

An act to add Section 8483.73 to the Education Code, relating to after school programs, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

AB 1725, as introduced, Carrillo. After School Education and Safety Program: funding and grant amounts.

The After School Education and Safety Program Act of 2002, an initiative statute approved by the voters as Proposition 49 at the November 5, 2002, statewide general election, establishes the After School Education and Safety Program under which participating public schools receive grants to operate before and after school programs serving pupils in kindergarten or any of grades 1 to 9, inclusive. The act provides that each school establishing a program pursuant to the act is eligible to receive a renewable 3-year grant for before or after school programs, as provided, and a grant for operating a program beyond 180 regular schooldays or during summer, weekend, intersession, or vacation periods, as provided. The act specifies maximum grant amounts and daily per-pupil funding rates for determining a school's total annual grant amount. The act requires an amount not to exceed \$550,000,000 to be continuously appropriated to the State Department of Education from the General Fund in each fiscal year for purposes of the program, and provides that nothing prohibits the Legislature from appropriating funds in excess of that amount for the program.

This bill would continuously appropriate an additional \$112,800,000 from the General Fund to the State Department of Education in the 2019–20 fiscal year for purposes of the program. The bill, in each fiscal year thereafter, would continuously appropriate to the State Department of Education an amount necessary to fund an increase in the daily per-pupil rate equal to the higher of either 50% of specified increases to the minimum wage or the percentage increase to the California Consumer Price Index, as determined by the Department of

Finance. The bill would require the State Department of Education to increase the maximum grant amounts and daily per-pupil funding rates in accordance with the total amount appropriated for the program in the 2019–20 fiscal year, and in each fiscal year thereafter.

Vote: majority Appropriation: yes Fiscal Committee: yes Local Program: no

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The disparity in educational outcomes between pupil populations is one of the most serious challenges facing our public education system.

(2) Pupils spend 80 percent of their waking hours outside of the classroom.

(3) Free and affordable learning experiences after school and in the summer are essential strategies for equalizing pupil outcomes.

(4) Research shows that after school programs improve school attendance, reduce dropout rates, help English learners transition to proficiency, develop Science, Technology, Engineering, the Arts, and Mathematics (STEAM) learning and workforce skills, build social-emotional skills, improve health and nutrition, prevent and reduce youth substance use and abuse, and reduce crime involving youth.

(5) After school programs provide critical childcare for pupils while parents work or attend school or workforce training.

(6) The After School Education and Safety Program (ASES) serves more than 400,000 low-income pupils daily in 4,200 high-quality elementary and middle school programs statewide.

(7) The state's per capita investment in ASES has declined since 2006, despite substantial increases to the costs of operating these programs.

(8) Since 2006, the daily rate has only increased 9 percent (\$7.50 to \$8.19 per pupil), while the state minimum wage has increased 50 percent.

(9) The most significant program cost increases were five statutory minimum wage increases: the first on July 1, 2014, the second on January 1, 2016, the third on January 1, 2017, the fourth on January 1, 2018, and the fifth on January 1, 2019.

(10) ASES operating costs will continue to increase as statutory minimum wage increases take effect.

(11) As costs significantly outpace funding, ASES programs have been forced to reduce the essential academic supports and enrichment opportunities they provide to pupils. Nearly one-quarter of ASES programs are likely to close their doors by 2020 unless they receive additional funding.

(12) The ASES daily rate should be increased by \$0.50 for each \$1 increase to the state minimum wage. Based on the minimum wage in effect as of January 1, 2020, this formula would require a 19-percent increase in the daily rate, from \$8.19 to \$9.75.

(b) (1) It is therefore the intent of the Legislature to augment the ASES budget in an amount sufficient to match the increased costs of the minimum wage.

(2) It is further the intent of the Legislature to ensure the continuation and stability of high-quality ASES programs by enacting legislation that would require an appropriate increase in funding to ASES programs in each year that there is an increase to the state minimum wage or cost of living, reflecting either a 50-percent increase in funding for any increase in the minimum wage or a cost-of-living increase, whichever is higher.

SEC. 2. Section 8483.73 is added to the Education Code, to read:

8483.73. (a) (1) For the 2019–20 fiscal year, one hundred twelve million eight hundred thousand dollars (\$112,800,000) is hereby continuously appropriated from the General Fund to the department for purposes of the program established pursuant to this article.

(2) For each fiscal year thereafter, the amount calculated by the Department of Finance pursuant to subdivision (b) for that fiscal year is hereby continuously appropriated from the General Fund to the department for purposes of program established pursuant to this article.

(b) Commencing with the increases to the minimum wage implemented during the 2020–21 fiscal year and each fiscal year thereafter as provided for in Section 1182.12 of the Labor Code, the Department of Finance shall increase the total funding amount for the program established pursuant to this article by adding to the appropriation described in paragraph (1) of subdivision (a) an amount necessary to fund an increase in the daily per-pupil rate to an amount equal to one of the following levels, whichever is higher:

(1) Fifty percent of each increase to the minimum wage provided for in Section 1182.12 of the Labor Code.

(2) The percentage increase to the California Consumer Price Index.

(c) The department shall increase the dollar amounts specified in Sections 8482.55, 8483.7, 8483.75, and 8483.76 in accordance with the total amount appropriated for the program established pursuant to this article in the 2019–20 fiscal year, and in each fiscal year thereafter.

(d) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriations made by subdivision (a) shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202, for the fiscal year in which they are appropriated, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202, for the fiscal year in which they are appropriated.

AGENDA MEMO

TO: DUARTE CITY COUNCIL
FROM: Brian Villalobos, Director of Public Safety
DATE: May 14, 2019
SUBJECT: Opposition Letter to Oppose Assembly Bill 516 – Authority to Remove Vehicles

SUMMARY: Assemblymember David Chiu has introduced Assembly Bill 516 (AB 516) this year to fundamentally change existing California Vehicle Code. AB 516 will restrict law enforcement and a city's ability to tow vehicles that are parked for more than 72 hours on a public street or if they are parked on a public street with more than 5 citations entered into the DMV database.

The Public Safety Department fields daily complaints from residents and businesses regarding parked vehicles that are never moved. The only tool that we have to offer any kind of service to our residents and businesses is the ability to monitor if the vehicle is moved every 72 hours. If that is taken away, there would exist permanently parked vehicles that would only have to be moved for street sweeping or overnight parking restrictions. Additionally, if the vehicles did not move for street sweeping or overnight parking restrictions and they were issued citations, they still could not be towed if AB 516 is passed.

AB 516 will allow vehicle owners to turn public roadways into their own private parking space.

RECOMMENDATION: Staff recommends that Council approves and sends the opposition letter to oppose Assembly Bill 516 – Authority to Remove Vehicles, to Assemblymember David Chiu.

FISCAL IMPACT: None.

AB 516 (Authority to Remove Vehicles) – OPPOSE

Dear Assemblymember Chiu:

On behalf of the City of Duarte, I write to express our opposition to Assembly Bill 516 (Chiu). We appreciate your desire to provide a means to reduce some of the perceived barriers to vehicle ownership for lower income individuals. However, your legislation as proposed would cause some significant challenges to our business community and to our residents' quality of life. This legislation would allow any vehicle to park for essentially any length of time anywhere in the City and would give agencies very little recourse to remove it. It would severely impact our business districts and residential neighborhoods. While we could still cite vehicles, vehicle owners could essentially ignore those citations as there would be very little recourse for not paying citations.

As proposed, AB 516 would allow drivers to park vehicles in excess of 72 hours anywhere in the state without repercussions. This legislation would allow for storage of vehicles on streets in residential neighborhoods. That would mean that fewer on-street spaces would be available for residents of those neighborhoods. AB 516 would remove one of the tools we have to help address storage of vehicles in our residential neighborhoods.

AB 516 unfairly treats those who comply with laws regarding vehicle registration and parking of vehicles. This proposed legislation would give the same rights to people who flaunt the law as to those who obey the laws and register their vehicles in a timely fashion.

AB 516 may be a well-intentioned bill that attempts to address the financial impacts of some categories of towing, but it actually creates unwarranted incentives and rewards for scofflaws and lawbreakers that will result in negative impacts on the broader community. Therefore, the City of Duarte opposes this legislation in its current form.

Sincerely,

AMENDED IN ASSEMBLY MARCH 28, 2019

CALIFORNIA LEGISLATURE— 2019–2020 REGULAR SESSION

ASSEMBLY BILL

No. 516

Introduced by Assembly ~~Member Chiu~~ **Members Chiu and Santiago**
(Coauthors: **Assembly Members Bonta, Chu, and Gipson**)
(Coauthor: **Senator Wiener**)

February 13, 2019

An act to amend ~~Section 22651 of~~ *Sections 2810.2, 2814.2, 4000, 14602, 22651, and 40206.5 of, and to repeal Sections 22651.7, 22651.8, and 22851.1 of,* the Vehicle Code relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

AB 516, as amended, Chiu. Authority to remove vehicles.

Existing law authorizes a peace officer, as defined, or a regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city, county, or jurisdiction of a state agency where a vehicle is located, to remove a vehicle located within the territorial limits where the officer or employee may act, under designated ~~circumstances:~~ *circumstances, including, but not limited to, when a vehicle is found upon a highway or public land or removed pursuant to the Vehicle Code, and has been issued 5 or more notices of parking violations to which the owner or person in control of the vehicle has not responded within a designated time period. Under existing law, a vehicle that has been removed and impounded under those circumstances that is not released may be subject to a lien sale to compensate for the costs of towage and for caring for and keeping safe the vehicle.*

Existing law authorizes a peace officer and specified public employees, as an alternative to removal of a vehicle, to immobilize the vehicle with a device designed and manufactured for that purpose, if, among other circumstances, the vehicle is found upon a highway or public lands by the peace officer or employee and it is known to have been issued 5 or more notices of parking violations that are delinquent because the owner or person in control of the vehicle has not responded to the appropriate agency within a designated time period.

This bill would ~~make technical, nonsubstantive changes to these provisions.~~ delete the authority of a peace officer or public employee, as appropriate, to remove or immobilize a vehicle under those circumstances. The bill would also delete the authority to remove a vehicle parked or left standing for 72 or more consecutive hours in violation of a local ordinance, or a vehicle with a registration expiration date in excess of 6 months found or operated on the highway or on public lands or in an offstreet parking facility. The bill would repeal the related authority to conduct a lien sale to cover towing and storage expenses. The bill would make various conforming and technical changes.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. *The Legislature finds and declares all of the following:*

(a) *It is a fundamental and constitutional principle that a state cannot take and sell the private property of its residents except under limited circumstances, nor can it punish people because they cannot afford to pay its fines and fees.*

(b) *It is not sound public policy to tow privately owned vehicles that are safely parked, not causing traffic inconvenience, and not involved in a crime. To retrieve a vehicle from a tow yard can cost thousands of dollars. For people who cannot afford to pay the often-astronomical fines and fees, their cars are sold and they lose them permanently. Over 500,000 vehicles are sold at lien sales each year in California.*

(c) *Approximately 78 percent of Californians have to drive for work or to get to work. Studies have shown that the ability to drive significantly impacts employment rates, and that over the past 50 years, American households without cars consistently lost income. For many Californians, their vehicle is their only shelter, their only way to get needed medical care, or their most valuable asset.*

(d) *Towing for debt collection purposes is not cost effective. It costs money for a local government to find the car, order the tow, and pay a private tow company to transport it. Vehicles towed for debt collection are more likely to be sold instead of reclaimed, which means the tow company has to use its limited lot space to store them for at least 30 days, and pay for an auction. Since vehicles towed because their owners could not afford to pay fees tend to be low in value, these lien sales usually fail to cover the cost of the tow and storage, let alone the cost of enforcement.*

(e) *There is no public safety purpose when a local government uses towing as a costly and draconian method to collect small amounts of debt, and this sanction has a disproportionate impact on lower income families and people of color.*

SEC. 2. *Section 2810.2 of the Vehicle Code is amended to read:*

2810.2. (a) (1) A peace officer, as described in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may stop a vehicle transporting agricultural irrigation supplies that are in plain view to inspect the bills of lading, shipping, or delivery papers, or other evidence to determine whether the driver is in legal possession of the load, if the vehicle is on a rock road or unpaved road that is located in a county that has elected to implement this section and the road is located as follows:

(A) Located under the management of the Department of Parks and Recreation, the Department of Fish and Wildlife, the Department of Forestry and Fire Protection, the State Lands Commission, a regional park district, the United States Forest Service, or the federal Bureau of Land Management.

(B) Located within the respective ownership of a timberland production zone, as defined in Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5 of the Government Code, either that is larger than 50,000 acres or for which the owner of more than 2,500 acres has given express written permission for a vehicle to be stopped within that zone pursuant to this section.

(2) Upon reasonable belief that the driver of the vehicle is not in legal possession, the law enforcement officer specified in paragraph (1) shall take custody of the vehicle and load and turn them over to the custody of the sheriff of the county that has elected to implement this section where the agricultural irrigation supplies are apprehended.

(b) The sheriff shall receive and provide for the care and safekeeping of the apprehended agricultural irrigation supplies that were in plain view within the boundaries of public lands under the management of the entities listed in subparagraph (A) of paragraph (1) of subdivision (a) or on a timberland production zone as specified in subparagraph (B) of paragraph (1) of subdivision (a), and immediately, in cooperation with the department, proceed with an investigation and its legal disposition.

(c) An expense incurred by the sheriff in the performance of ~~his or her~~ *the sheriff's* duties under this section shall be a legal charge against the county.

(d) Except as provided in subdivision (e), a peace officer shall not cause the impoundment of a vehicle at a traffic stop made pursuant to subdivision (a) if the driver's only offense is a violation of Section 12500.

(e) During the conduct of pulling a driver over in accordance with subdivision (a), if the peace officer encounters a driver who is in violation of Section 12500, the peace officer shall make a reasonable attempt to identify the registered owner of the vehicle. If the registered owner is present, or the peace officer is able to identify the registered owner and obtain the registered owner's authorization to release the motor vehicle to a licensed driver during the vehicle stop, the vehicle shall be released to either the registered owner of the vehicle if ~~he or she~~ *that person* is a licensed driver or to the licensed driver authorized by the registered owner of the vehicle. If a notice to appear is issued, the name and the driver's license number of the licensed driver to whom the vehicle was released pursuant to this subdivision shall be listed on the officer's copy of the notice to appear issued to the unlicensed driver. If a vehicle cannot be released, the vehicle shall be removed pursuant to subdivision ~~(p)~~ *(n)* of Section 22651, whether a notice to appear has been issued or not.

(f) For purposes of this section, "agricultural irrigation supplies" include agricultural irrigation water bladder and one-half inch diameter or greater irrigation line.

(g) This section shall be implemented only in a county where the board of supervisors adopts a resolution authorizing the enforcement of this section.

SEC. 3. Section 2814.2 of the Vehicle Code is amended to read:

2814.2. (a) A driver of a motor vehicle shall stop and submit to a sobriety checkpoint inspection conducted by a law enforcement agency when signs and displays are posted requiring that stop.

(b) Notwithstanding Section 14602.6 or 14607.6, a peace officer or any other authorized person shall not cause the impoundment of a vehicle at a sobriety checkpoint if the driver's only offense is a violation of Section 12500.

(c) During the conduct of a sobriety checkpoint, if the law enforcement officer encounters a driver who is in violation of Section 12500, the law enforcement officer shall make a reasonable attempt to identify the registered owner of the vehicle. If the registered owner is present, or the officer is able to identify the registered owner and obtain the registered owner's authorization to release the motor vehicle to a licensed driver by the end of the checkpoint, the vehicle shall be released to either the registered owner of the vehicle if ~~he or she~~ *that person* is a licensed driver or to the licensed driver authorized by the registered owner of the vehicle. If a notice to appear is issued, the name and driver's license number of the licensed driver to whom the vehicle was released pursuant to this subdivision shall be listed on the officer's copy of the notice to appear issued to the unlicensed driver. When a vehicle cannot be released, the vehicle shall be removed pursuant to subdivision ~~(p)~~ *(n)* of Section 22651, whether a notice to appear has been issued or not.

SEC. 4. Section 4000 of the Vehicle Code is amended to read:

4000. (a) (1) A person shall not drive, move, or leave standing upon a highway, or in an offstreet public parking facility, ~~any~~ *a* motor vehicle, trailer, semitrailer, pole or pipe dolly, or logging dolly, unless it is registered and the appropriate fees have been paid under this code or registered under the permanent trailer identification program, except that an off-highway motor vehicle ~~which~~ *that* displays an identification plate or device issued by the department pursuant to Section 38010 may be driven, moved, or left standing in an offstreet public parking facility without being registered or paying registration fees.

(2) For purposes of this subdivision, "offstreet public parking facility" means either of the following:

(A) Any publicly owned parking facility.

(B) Any privately owned parking facility for which no fee for the privilege to park is charged and ~~which~~ *that* is held open for the common public use of retail customers.

(3) This subdivision does not apply to ~~any~~ *a* motor vehicle stored in a privately owned offstreet parking facility by, or with the express permission of, the owner of the privately owned offstreet parking facility.

(4) Beginning July 1, 2011, the enforcement of paragraph (1) shall commence on the first day of the second month following the month of expiration of the vehicle's registration. This paragraph shall become inoperative on January 1, 2012.

(b) ~~No person shall~~ *A person shall not* drive, move, or leave standing upon a highway ~~any~~ *a* motor vehicle, as defined in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code, that has been registered in violation of Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code.

(c) Subdivisions (a) and (b) do not apply to off-highway motor vehicles operated pursuant to Sections 38025 and 38026.5.

(d) This section does not apply, following payment of fees due for registration, during the time that registration and transfer is being withheld by the department pending the investigation of any use tax due under the Revenue and Taxation Code.

(e) Subdivision (a) does not apply to a vehicle that is towed by a tow truck on the order of a sheriff, marshal, or other official acting pursuant to a court order or on the order of a peace officer acting pursuant to this code.

(f) Subdivision (a) applies to a vehicle that is towed from a highway or offstreet parking facility under the direction of a highway service organization when that organization is providing emergency roadside assistance to that vehicle. However, the operator of a tow truck providing that assistance to that vehicle is not responsible for the violation of subdivision (a) with respect to that vehicle. The owner of an unregistered vehicle that is disabled and located on private property, shall obtain a permit from the department pursuant to Section 4003 prior to having the vehicle towed on the highway.

(g) (1) Pursuant to Section 4022 and to subparagraph (B) of paragraph (3) of subdivision ~~(e)~~ *(m)* of Section 22651, a vehicle obtained by a licensed reposessor as a release of collateral is exempt from registration pursuant to this section for purposes of the reposessor removing the vehicle to ~~his or her~~ *the reposessor's* storage facility or the facility of the legal owner. A law enforcement agency, impounding authority, tow yard, storage facility, or any other person in possession of the collateral shall release the vehicle without requiring current registration and pursuant to subdivision (f) of Section 14602.6.

(2) The legal owner of collateral shall, by operation of law and without requiring further action, indemnify and hold harmless a law enforcement agency, city, county, city and county, the state, a tow yard, storage facility, or an impounding yard from a claim arising out of the release of the collateral to a licensee, and from any damage to the collateral after its release, including reasonable attorney's fees and costs associated with defending a claim, if the collateral was released in compliance with this subdivision.

(h) For purposes of this section, possession of a California driver's license by the registered owner of a vehicle shall give rise to a rebuttable presumption that the owner is a resident of California.

SEC. 5. Section 14602 of the Vehicle Code is amended to read:

14602. In accordance with subdivision ~~(p)~~ *(n)* of Section 22651, a vehicle removed pursuant to subdivision (c) of Section 2814.2 shall be released to the registered owner or ~~his or her~~ *that person's* agent at any time the facility to which the vehicle has been removed is open upon presentation of the registered owner's or ~~his or her~~ agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration.

SECTION 1-SEC. 6. Section 22651 of the Vehicle Code is amended to read:

22651. A peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or a regularly employed and salaried employee, who is engaged in directing traffic or enforcing

parking laws and regulations, of a city, county, or jurisdiction of a state agency where a vehicle is located, may remove a vehicle located within the territorial limits where the officer or employee may act, under the following circumstances:

(a) If a vehicle is left unattended upon a bridge, viaduct, or causeway, or in a tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) If a vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) If a vehicle is found upon a highway or public land and a report has previously been made that the vehicle is stolen or a complaint has been filed and a warrant thereon is issued charging that the vehicle was embezzled.

(d) If a vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) If a vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) If a vehicle, except highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of a freeway that has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) If the person in charge of a vehicle upon a highway or public land is, by reason of physical injuries or illness, incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) (1) If an officer arrests a person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person into custody.

(2) If an officer serves a notice of an order of suspension or revocation pursuant to Section 13388 or 13389.

~~(i)(1) If a vehicle, other than a rented vehicle, is found upon a highway or public land, or is removed pursuant to this code, and it is known that the vehicle has been issued five or more notices of parking violations to which the owner or person in control of the vehicle has not responded within 21 calendar days of notice of citation issuance or citation issuance or 14 calendar days of the mailing of a notice of delinquent parking violation to the agency responsible for processing notices of parking violations, or the registered owner of the vehicle is known to have been issued five or more notices for failure to pay or failure to appear in court for traffic violations for which a certificate has not been issued by the magistrate or clerk of the court hearing the case showing that the case has been adjudicated or concerning which the registered owner's record has not been cleared pursuant to Chapter 6 (commencing with Section 41500) of Division 17, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency all of the following:~~

~~(A) Evidence of the person's identity.~~

~~(B) An address within this state where the person can be located.~~

~~(C) Satisfactory evidence that all parking penalties due for the vehicle and all other vehicles registered to the registered owner of the impounded vehicle, and all traffic violations of the registered owner, have been cleared.~~

~~(2) The requirements in subparagraph (C) of paragraph (1) shall be fully enforced by the impounding law enforcement agency on and after the time that the Department of Motor Vehicles is able to provide access to the necessary records.~~

~~(3) A notice of parking violation issued for an unlawfully parked vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of furnishing satisfactory evidence that the full amount of parking penalties or bail has been deposited, that person may demand to be taken without unnecessary delay before a magistrate, for traffic offenses, or a hearing examiner, for parking offenses, within the county where the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded, or, at the discretion of~~

~~the impounding law enforcement agency, a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.~~

~~(4) A vehicle shall be released to the legal owner, as defined in Section 370, if the legal owner does all of the following:~~

~~(A) Pays the cost of towing and storing the vehicle.~~

~~(B) Submits evidence of payment of fees as provided in Section 9561.~~

~~(C) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for all local administrative charges imposed pursuant to Section 22850.5. The legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, on receipt of that surplus, the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for all local administrative charges imposed pursuant to Section 22850.5.~~

~~(5) The impounding agency that has a lien on the surplus that remains upon the sale of a vehicle to which a registered owner is entitled pursuant to paragraph (4) has a deficiency claim against the registered owner for the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for all local administrative charges imposed pursuant to Section 22850.5, less the amount received from the sale of the vehicle.~~

~~(j)~~

(i) If a vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of identity and an address within this state where that individual can be located.

~~(k) If a vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.~~

~~(f)~~

(j) If a vehicle is illegally parked on a highway in violation of a local ordinance forbidding standing or parking and the use of a highway, or a portion thereof, is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by a local authority pursuant to the ordinance.

~~(m)~~

(k) If the use of the highway, or a portion of the highway, is authorized by a local authority for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of a vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by a local authority pursuant to the ordinance.

~~(n)~~

(l) Whenever a vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. Except as provided in subdivisions ~~(v)~~ and ~~(w)~~, *(t)* and *(u)*, a vehicle shall not be removed unless signs are posted giving notice of the removal.

~~(o)~~

(m) (1) If a vehicle is found or operated upon a highway, public land, or an offstreet parking facility under any

of the following circumstances:

~~(A) With a registration expiration date in excess of six months before the date it is found or operated on the highway, public lands, or the offstreet parking facility.~~

~~(B)~~

(A) Displaying in, or upon, the vehicle, a registration card, identification card, temporary receipt, license plate, special plate, registration sticker, device issued pursuant to Section 4853, or permit that was not issued for that vehicle, or is not otherwise lawfully used on that vehicle under this code.

~~(C)~~

(B) Displaying in, or upon, the vehicle, an altered, forged, counterfeit, or falsified registration card, identification card, temporary receipt, license plate, special plate, registration sticker, device issued pursuant to Section 4853, or permit.

~~(D)~~

(C) (i) The vehicle is operating using autonomous technology, without the registered owner or manufacturer of the vehicle having first applied for, and obtained, a valid permit that is required to operate the vehicle on public roads pursuant to Section 38750, and Article 3.7 (commencing with Section 227.00) and Article 3.8 (commencing with Section 228.00) of Title 13 of the California Code of Regulations.

(ii) The vehicle is operating using autonomous technology after the registered owner or person in control of the vehicle received notice that the vehicle's permit required for the operation of the vehicle pursuant to Section 38750, and Article 3.7 (commencing with Section 227.00) and Article 3.8 (commencing with Section 228.00) of Title 13 of the California Code of Regulations is suspended, terminated, or revoked.

(iii) For purposes of this subdivision, the terms "autonomous technology" and "autonomous vehicle" have the same meanings as in Section 38750.

(iv) This subparagraph does not provide the authority for a peace officer to stop an autonomous vehicle solely for the purpose of determining whether the vehicle is operating using autonomous technology without a valid permit required to operate the autonomous vehicle on public roads pursuant to Section 38750, and Article 3.7 (commencing with Section 227.00) and Article 3.8 (commencing with Section 228.00) of Title 13 of the California Code of Regulations.

(2) If a vehicle described in paragraph (1) is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle.

(3) For the purposes of this subdivision, the vehicle shall be released under any of the following circumstances:

(A) If the vehicle has been removed pursuant to subparagraph ~~(A), (B), or (C)~~ (A) or (B) of paragraph (1), to the registered owner of, or person in control of, the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration and a valid driver's license to operate the vehicle.

(B) If the vehicle has been removed pursuant to subparagraph ~~(D)~~ (C) of paragraph (1), to the registered owner of, or person in control of, the autonomous vehicle, after the registered owner or person furnishes the storing law enforcement agency with proof of current registration and a valid driver's license, if required to operate the autonomous vehicle, and either of the following:

(i) Proof of a valid permit required to operate the autonomous vehicle using autonomous technology on public roads pursuant to Section 38750, and Article 3.7 (commencing with Section 227.00) and Article 3.8 (commencing with Section 228.00) of Title 13 of the California Code of Regulations.

(ii) A declaration or sworn statement to the Department of Motor Vehicles that states that the autonomous vehicle will not be operated using autonomous technology upon public roads without first obtaining a valid permit to operate the vehicle pursuant to Section 38750, and Article 3.7 (commencing with Section 227.00) and Article 3.8 (commencing with Section 228.00) of Title 13 of the California Code of Regulations.

(C) To the legal owner or the legal owner's agency, without payment of any fees, fines, or penalties for parking tickets or registration and without proof of current registration, if the vehicle will only be transported pursuant to the exemption specified in Section 4022 and if the legal owner does all of the following:

(i) Pays the cost of towing and storing the vehicle.

(ii) Completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of an offense relating to standing or parking. A vehicle released to a legal owner under this subdivision is a repossessed vehicle for purposes of disposition or sale. The impounding agency has a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the full amount of parking penalties for any notices of parking violations issued for the vehicle and for all local administrative charges imposed pursuant to Section 22850.5. Upon receipt of any surplus, the legal owner shall promptly remit to, and deposit with, the agency responsible for processing notices of parking violations from that surplus, the full amount of the parking penalties for all notices of parking violations issued for the vehicle and for all local administrative charges imposed pursuant to Section 22850.5.

(4) The impounding agency that has a lien on the surplus that remains upon the sale of a vehicle to which a registered owner is entitled has a deficiency claim against the registered owner for the full amount of parking penalties for any notices of parking violations issued for the vehicle and for all local administrative charges imposed pursuant to Section 22850.5, less the amount received from the sale of the vehicle.

(5) As used in this subdivision, "offstreet parking facility" means an offstreet facility held open for use by the public for parking vehicles and includes a publicly owned facility for offstreet parking, and a privately owned facility for offstreet parking if a fee is not charged for the privilege to park and it is held open for the common public use of retail customers.

~~(p)~~

(n) If the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, 14601.2, 14601.3, 14601.4, 14601.5, or 14604, and the vehicle is not impounded pursuant to Section 22655.5. A vehicle so removed from the highway or public land, or from private property after having been on a highway or public land, shall not be released to the registered owner or the owner's agent, except upon presentation of the registered owner's or agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, to the impounding law enforcement agency, or upon order of a court.

~~(q)~~

(o) If a vehicle is parked for more than 24 hours on a portion of highway that is located within the boundaries of a common interest development, as defined in Section 4100 or 6534 of the Civil Code, and signs, as required by paragraph (1) of subdivision (a) of Section 22658 of this code, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.

~~(r)~~

(p) If a vehicle is illegally parked and blocks the movement of a legally parked vehicle.

~~(s)~~

(q) (1) If a vehicle, except highway maintenance or construction equipment, an authorized emergency vehicle, or a vehicle that is properly permitted or otherwise authorized by the Department of Transportation, is stopped, parked, or left standing for more than eight hours within a roadside rest area or viewpoint.

(2) Notwithstanding paragraph (1), if a commercial motor vehicle, as defined in paragraph (1) of subdivision (b) of Section 15210, is stopped, parked, or left standing for more than 10 hours within a roadside rest area or viewpoint.

(3) For purposes of this subdivision, a roadside rest area or viewpoint is a publicly maintained vehicle parking area, adjacent to a highway, utilized for the convenient, safe stopping of a vehicle to enable motorists to rest or to view the scenery. If two or more roadside rest areas are located on opposite sides of the highway, or

upon the center divider, within seven miles of each other, then that combination of rest areas is considered to be the same rest area.

~~(t)~~

(r) If a peace officer issues a notice to appear for a violation of Section 25279.

~~(u)~~

(s) If a peace officer issues a citation for a violation of Section 11700, and the vehicle is being offered for sale.

~~(v)~~

(t) (1) If a vehicle is a mobile billboard advertising display, as defined in Section 395.5, and is parked or left standing in violation of a local resolution or ordinance adopted pursuant to subdivision (m) of Section 21100, if the registered owner of the vehicle was previously issued a warning citation for the same offense, pursuant to paragraph (2).

(2) Notwithstanding subdivision (a) of Section 22507, a city or county, in lieu of posting signs noticing a local ordinance prohibiting mobile billboard advertising displays adopted pursuant to subdivision (m) of Section 21100, may provide notice by issuing a warning citation advising the registered owner of the vehicle that the owner may be subject to penalties upon a subsequent violation of the ordinance, that may include the removal of the vehicle as provided in paragraph (1). A city or county is not required to provide further notice for a subsequent violation prior to the enforcement of penalties for a violation of the ordinance.

~~(w)~~

(u) (1) If a vehicle is parked or left standing in violation of a local ordinance or resolution adopted pursuant to subdivision (p) of Section 21100, if the registered owner of the vehicle was previously issued a warning citation for the same offense, pursuant to paragraph (2).

The issuing agency may charge a fee sufficient to recover the actual cost of providing the copy, not to exceed two dollars (\$2). Until the issuing agency complies with a request for a copy of the original notice of parking violation, the processing agency may not proceed pursuant to ~~subdivision (i) of Section 22651, Section 22651.7, or~~ Section 40220.

(b) If the description of the vehicle on the notice of parking violation does not substantially match the corresponding information on the registration card for that vehicle and the processing agency is satisfied that the vehicle has not been incorrectly described due to the intentional switching of license plates, the processing

agency shall, on written request of the person cancel the notice of parking violation without the necessity of an appearance by that person.

(c) For purposes of this section, a copy of the notice of parking violation may be a photostatic copy or an electronically produced facsimile.

AGENDA MEMO

TO: DUARTE CITY COUNCIL
FROM: Brian Villalobos, Director of Public Safety
DATE: May 14, 2019
SUBJECT: Approval of the San Gabriel Valley Humane Society Agreement for Contract Services

SUMMARY: In 2018, we received notice from the Los Angeles County Department of Animal Care and Control that we should expect substantial increases to the contract rates with no added benefits. The proposed increases were as follows: Current rate - \$34,000; first year \$74,000, second year \$84,000, third year \$95,000, fourth year \$105,000, fifth year \$117,000, and sixth year \$130,000. Due to significant contract city pressure the increases were stayed for one year. However, those increases are expected to go into effect in the fiscal year 2019/2020.

Given the uncertainty of the contract rates, the Public Safety Department reached out to every local animal control shelter to inquire if they would accept a new contract city. The San Gabriel Valley Humane Society was the only shelter willing to accept a new contract at a cost of \$62,000 for the fiscal year 2019/2020. The contract would renew annually and any per annum increases would be negotiated by the City and the Humane Society prior to the beginning of the new term.

The San Gabriel Valley Humane Society is geographically accessible (located at 851 East Grand Avenue, San Gabriel) to our residents and animal control officers and they offer exemplary animal control services.

RECOMMENDATION: It is staff's recommendation that the City Council approve the agreement with the San Gabriel Valley Humane Society for animal care and control services.

FISCAL IMPACT: Funds allocated in the amount of \$62,000 at the annual 2019/2020 budget meeting.
